

PRESS RELEASE

Discover Farmhouse Cheese

The new European website www.face-network.eu/discover goes online on 1st of June 2021

We have scaled up the number of participating cheesemakers from 3 countries to 17 countries across Europe

1. Discover the variety of European cheese

FACEnetwork offers the possibility to discover farmhouse and artisanal cheeses in different regions with a wide variety of traditions.

- An opportunity to learn how artisan cheese is made
- You can learn about traditional dairy products

2. Visit farmhouse and artisan dairies

Do you enjoy traditional and artisanal food?

Do you like animals and do you want to visit farms?

- Taste and experience artisan and farmhouse cheese
- Discover farms with their own products made from their own animals.
- Planning a vacation? Why not visit our farmhouse cheesemaker friends in other countries?

There are lots of dates and locations to choose from. This is a fantastic opportunity to learn about farmhouse dairy production from our European neighbours.

Farmhouse dairies have been building up associations to collaborate, exchange, consult, train etc. Together these organisations form a European Network (FACEnetwork).

Check out this website to find the contact details of farmhouse dairies from all these organisations and countries in one place.
